Jay,

I apologize for taking so long to respond to your question on the midterm date. UEI was issued a new permit on May 18, 2007; however, that new permit expires May 6, 2011, which corresponds with the expiration date of the previous permit. Using the new permit term would shift the midterm only 6 months, to May 2009, which would make little practical difference, so the Division has decided to still proceed with the midterm review based on a midterm date of November 6, 2008.
